WATERED SLOPE LANDS USED AS
A PROTECTIVE ZONE DURING
THE WAR.

The 89,000 acres of land on the Wahluke slope and adjacent areas of the Hanford Reach, its anticipated the land will go most to farms. Some to each of the other interests, Indians for digging roots, Archaeology Digs, Hunting & Fishing, Wildlife and some will be wet lands after the water is applied to the land.

In the proposal to Congress for authorization we have to show that farmers are willing to commit for additional areas, many new farmers, crops for export. Each one understands that development costs and delivery systems for this land have to be paid for. At the present time according to the loan agreement on the land each acre was committed for the \$131.60. Added facilities at today's costs will be much higher, however, it is payable over 50 years period. The land costs are undetermined but estimated at approximately \$1500.00 per acre.

For testimony to Congress we have to have commitments for the majority of the land by interested and financially capable people and firms.

IF YOU WANT TO BE CONSIDERED FOR ACREAGE SIGN UP. PLEASE PRINT

Name Gleyn Leland # ACRES 600

Address 160602 255th P.O. BOX

CITY Mattawa STATE WA ZIP 99314
